Career Objective

Motivated and detail-oriented B.Sc. Artificial Intelligence and Machine Learning student with a strong foundation in programming, data analysis, and problem-solving. Seeking an opportunity to apply my technical knowledge, analytical thinking, and communication skills to contribute to innovative technology solutions while continuously learning, adapting, and growing in a dynamic, technology-driven organization.

Training Experience

C & C++ Programming Trainer, *TCDS*

- Delivered C/C++ programming training and guided students in coding fundamentals.
- Improved learners' problem-solving and debugging skills through practical exercises.

Education

Bachelor of Science in Artificial Intelligence and Machine Learning(Pursuing), 2024 – 2027
Dr. N.G.P. Arts and Science College Coimbatore

HSC, *Jaivabai Municipal Girls Higher Secondary School* 2023
Tiruppur

SSLC, *Government High School* 2021
Tiruppur

Technical Skills

Programming Languages
C, C++, Java, Python, SQL,HTML,CSS,Java script,react,FAST API and REST API

Machine Learning
Data Preprocessing, Model Training, Classification Algorithms, Model Evaluation

Tools
Visual Studio Code, Jupyter Notebook

Data Base
Fire base, MY SQL lite, fire base

Internship

AI & Machine Learning Intern, *Litz Tech* 05/2026

- Worked on Python-based AI/ML tasks including data preprocessing and model development.
- Learned ML workflow, evaluation techniques, and basic data analysis.

Achievements

Paper Presented: Advanced Food Logistics and Delivery System Using Neural Stack, *ICRTCSDA'25, KPRCAS* 2025

1st Prize – Web Development, CONVERGENCE 2K26, NIT (2026) 21/03/2026

Projects

Bank Loan Approval Prediction System (Mini Project),
Technologies: Python, Machine Learning, CatBoost, Pandas, SQL
- Built an ML model with 85.37% accuracy to predict loan approval using applicant financial data.
- Applied preprocessing, CatBoost classification, and SHAP explainability.

E-Commerce Web Application (MERN Stack), *Technologies: MongoDB, Express.js, React.js, Node.js*
- Built and deployed a full-stack e-commerce application with frontend, backend, and admin modules.
- Implemented authentication, product management, and order processing with a scalable architecture.

Languages

Tamil
Native

English
Professional Working Proficiency

Certificates

NPTEL :
- Joy of computing using python

TCDS:
- C Programming
- C++ Programming
- Python Programming
- Java Programming
